# Predator GP30 Portable SSD

Predator GP30 portable SSD, your go-anywhere solution for faster and more reliable data storage. Featuring a USB 3.2 Gen2x2 interface, it delivers read and write speeds up to 2000 MB/s for smoother data transfers for gaming, content creation, and professional workflows. Compact, powerful, and stylish, its dynamic RGB lighting adds a modern, tech look to your setup, combining cutting-edge performance with modern aesthetics.

- USB 3.2 Gen2x2
- Up to 2000 MB/s Read & Write
- RGB Lighting
- Compact & Portable
- Up to 8 TB

Product Features

Accelerate Your Work and Play with Higher-Speed Transfers

Power your workflow with the Predator GP30. This portable drive delivers read and write speeds up to 2000 MB/s, harnessing the power of a USB 3.2 Gen2x2 interface. Transfer your design portfolios or dive into your game libraries without long load times. Get more done in less time, as the Predator GP30 ensures you're always ready for your next challenge—faster, more efficiently, and without pesky interruptions.

RGB Glow for a More Colorful Experience

Predator GP30 combines high performance with a sleek, portable design. Its stunning RGB lighting can pulse and shift in vibrant colors, adding a futuristic, tech-driven flair to your workspace or gaming environment. Mixing power, style, and performance into one sleek package, the GP30 creates an immersive atmosphere, boosting both your productivity and the overall aesthetic of your space.

Reliable Storage Across All Your Platforms

Predator GP30 is equipped with two USB-A/C ports and supports USB 3.2 Gen2x2, providing compatibility with a wide range of systems, including Windows® 10/11, macOS, iOS, Android, HarmonyOS, and PlayStation. It connects easily to various devices—smartphones, tablets, computers, and PS5—and delivers fast and reliable data transfer across platforms.

Up to 8 TB Storage, Maximize Productivity

From 1 TB to 8 TB, the Predator GP30 storage options can handle the bigger challenges, from massive game libraries to high-definition recordings to professional content creation. Stay ahead of the competition with faster file access and better performance that keeps you ahead of the game. With storage options up to 8 TB and high-speed performance, the Predator GP30 keeps you prepared for any new challenges in work or gaming.

Portable, Powerful, Professional

The Predator GP30 puts powerful portable storage at your fingertips, with a compact and stylish design that offers seamless compatibility across devices, including desktop PCs, laptops, smartphones, and gaming consoles. Whether you're expanding your console storage for large AAA games, editing ProRes 422 HQ videos on M1/M2 MacBook Pro, or turning your phone or tablet into a high-performance storage hub for work, the Predator GP30 keeps you productive, creative, and immersed wherever you go.

Longer-Term Durability, More Than Tough Enough

The Predator GP30 Portable SSD is designed for long-term durability and reliable performance even under the most demanding conditions. With a rugged design that withstands the rigors of everyday use, this drive ensures your data remains safe and accessible over time. Backed by a 5-year limited warranty, the GP30 provides peace of mind for the drive's lifecycle.

Predator Advantage

Predator is a high-end gaming brand owned by the world-renowned PC manufacturer Acer. With a respected series of premium products for hardcore gamers and enthusiasts, the Predator brand is recognized as a leader in the gaming community by experts and influencers. Under an official license, Predator storage and memory products are designed, built, and marketed by a specialist maker of SSDs. Meeting strict licensing conditions ensures each product lives up to the brand name.

Specifications

Product Specifications	
Model Name	Predator GP30
Interface	Type-C USB 3.2 Gen2x2
Capacity	1 TB / 2 TB / 4 TB / 8 TB
Sequential Read (Up to)	2000 MB/s
Sequential Write (Up to)	2000 MB/s
Dimensions	61.20 x 71.80 x 11.50 mm
Weight	≈ 66.5 g[1]
Compatibility	Windows® 10/11, macOS, iOS, Android, HarmonyOS, PlayStation
Operating Temperature	0°C to +70°C
Storage Temperature	-40°C to +85°C
Certifications	RoHS, FCC, CE, CB, KCC, BSMI, VCCI, RCM
Warranty	5-Year Limited
Lighting Effect	RGB Lighting

1.Weight may vary based on specifications, capacity, and internal components.

2.Tested in our labs. Actual performance may vary due to systems, devices, or environment.

3.Maintenance and future updates are required throughout the product life cycle. Specifications are subject to change without notice.

4.The pictures are for illustration only. Actual products may vary due to product enhancements or changes.

5.Not all products are sold in all regions of the world.

6.As used for storage capacity, one megabyte (MB)= one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on the operating environment. As used for buffer or cache, one megabyte (MB) = 1,048,576 bytes. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabyte per second (GB/s) = one billion bytes per second.

7.While using the product, please ensure to make multiple backups of important data. Predator is not liable for losses of personal data stored in the product.
